EDUCATION

Bachelor of Technology in Computer Science

- A.P.J Abdul Kalam Technical University
- Graduation: July 2023
- FGIET Raebareli, Uttar Pradesh

Intermediate (PCM)

- Dr. Virendra Swaroop Memorial Public School
- March 2018
- Kanpur, Uttar Pradesh

SKILLS

MERN Stack Developer

1. NodeJs
2. ReactJs
3. MongoDB
4. ExpressJs

Programming Skills

5. C/C++ (Proficient)
6. Python
7. JavaScript
8. Data Structure & Algorithms (300+ Problem Solved)

Interests/Hobbies

- Cricket
- Automobile(Cars)
- Travelling

PROJECTS

Quizzzy - Exam Portal | Major project Jan 2023 - Jun 2023

- Designed and developed the backend infrastructure using Node.js for a MEVN stack-based exam portal.
- Implemented RESTful APIs for quiz creation, student assessment, and result tracking.
- Ensured data security and efficiency by optimizing database queries and handling user authentication.
- [Link to project](#)

SocioMedia- It's a social media website Jul-2023 - Aug-2023

- Spearheaded the development of the server-side logic using Node.js for a MERN stack social media platform.
- Features include posting status updates, photos, and liking posts.
- Utilized Redux for state management and MongoDB for the cloud backend.
- [Link to project](#)

Contact management system Aug 2022 - Sep 2022

- Designed a cloud-based contact management system for remote access and edits.
- Developed the backend using Node.js and hosted MongoDB in the cloud.
- Implemented APIs for CRUD operations.

WORK EXPERIENCE

Full Stack Development Intern

- DevTown
- February 2023
- Assisted in solving technical doubts and provided mentorship to fellow students.
- Developed backend servers and resolved technical issues.

Algo++ Tutor (Data Structure & Algorithms)

- Coding Blocks
- March 2022
- Guided students in solving complex data structure problems.
- Facilitated logic building and problem-solving skills.

COURSES & CERTIFICATIONS

- Full Stack Development (DevTown) - February 2023
- Algo++ Data Structures & Algorithms (CodingBlocks) - March 2022
- Basic Python & Problem Solving (EICT-Academy IIT Kanpur) - June 2019
